## RIP® and VooDoo® lead way as Aldila dominates wood, hybrid shaft manufacturer counts on PGA Tour

'The Hottest Shafts In Golf' maintains its status as #1 shaft on Tour

**POWAY, Calif.** – Led by their latest shaft the RIP® and their number one shaft the VooDoo®, Aldila maintained its status as the #1 shaft on Tour after winning the wood and hybrid shaft manufacturer counts at the HP Byron Nelson Classic, according to the Darrell Survey.

"The Hottest Shafts In Golf" also dominated the hybrid shaft manufacturer count at the Rex Hospital

Open on the Nationwide Tour winning by nearly a 2 to 1 margin over the next leading shaft manufacturer.

"RIP is Aldila's latest shaft technology that provides a lower torque, increased tip stability and better tip stiffness control," said Stewart Bahl, Aldila's Marketing Manager. "The VooDoo features Aldila's patent pending S-core Technology™ designed to maximize distance and provide outstanding accuracy."

The VooDoo has a one-piece high modulus carbon stabilization rib running the length of the shaft. This innovative rib structure keeps the shaft more concentric, preventing shaft ovaling, deformation and wasted energy during the golf swing. Because the shaft's symmetry is maintained throughout the swing, it loads and unloads more consistently, enabling players to more reliably deliver the club head to the ball every swing.

Aldila is the leading name in graphite golf shafts: It won golf's Grand Slam in 2009, being the most used wood and hybrid shafts at every Major on the PGA Tour. For two years it has been the most played wood and hybrid shaft at every FedEx Cup Playoff event. Are you playing Aldila, or just graphite?

###

### ABOUT ALDILA

Aldila is publicly traded on OTCQX with the symbol ALDA. Aldila was the leading graphite shaft manufacturer for new drivers, fairway woods and hybrid clubs for 2007 according to the Darrell Survey U.S. National Consumer Survey. For more information on the VooDoo®, DVS™, MOI Proto™, VS Proto™, and NV® shafts, visit their Web site at [www.aldila.com](http://www.aldila.com). Follow what's new on Facebook.com Aldila Golf Inc.
